## FANCY SENDING A BABY GIFT THAT THE NEW PARENTS WILL NEVER FORGET?

Consider this; a stunning nappy cake or a beautiful baby bouquet. Established in 2008, Baby Bouquets by Bluca is a dynamic young company that specializes in unique baby gifts. They offer a fabulous selection of nappy cakes, baby bouquets, boxed bouquets and even have quirky gifts for the new dads too!

All of their gifts are handmade with love by a team of creative gift stylists. Their beautiful gifts are the perfect solution to the regular bouquet of flowers and will last long after the fresh ones have wilted! Their nappy cakes contain oodles

of essential baby items such as blankets, clothing, soothers, wipes, bottles and of course nappies. Their baby bouquets and 'Box of Blooms' range are in fact a stunning creation of baby clothing presented as a bouquet of flowers. All of their clothing and nappies are generously sized so that mum can enjoy the new baby gift before she needs to open it and use the items inside (if she can bring herself to take it apart!)

"We have always aimed for both beauty and functionality in our baby gifts. All our gifts are designed by mums with pretty practicality in mind!" says Carla O'Farrell-Byrne, founder of Baby Bouquets by Bluca.

Visit to view their stunning collection of baby gifts or call 01-442 8886 or 086 664 9132 . Interested in adding their amazing range of baby gifts to your store please visit to view their wholesale products.
